INTERESTING ITEMS FROM EL VERANO AND VICINITY.

Weekly Record of all the Happenings in His Town as Faithfully Recorded by Our Wide-Awake Reporter, " Archie McKiver."

Otto Gericke of Vineburg was in town Saturday.

L. L. Lewis visited San Francisco the latter part of the week.

Miss Fannie Kelton was a visitor to San Francisco Sunday.

Otto Spindler is sight-seeing in the metropolis this week.

Joe Ryan and James Sterling were in town Monday on business.

Mrs. T. Stafford of San Francisco is visiting this week with her father M. McCloskey.

Miss Chance, accompanied by her brother Roy, was a visitor to San Francisco, Sunday.

K. Gabriel's restaurant here was sold out Monday by Constable Joe Ryan to satisfy the claims of a number of creditors.

The dance given by the baseball club Saturday evening was a grand success. The crowd danced till the wee hours of the morning.

Misses Florence and Alma Specht have returned to Oakland after spending the week as guests of Mr. and Mrs. Harry Lubbock.

A. W. Weaver, our well known blacksmith, and John Lounibos, the well known wine merchant, were in San Francisco Sunday.

The monthly Southern Pacific supply train passed through here last Saturday. Mr. Whitney, the superintendent of the branch, was on board on a tour of inspection.

Mr. Block and family spent last Sunday at Embaracadero fishing. Mr. Block had good luck and kindly remembered several of his friends with a mess of striped bass which were much appreciated.

Charley Childs has returned to his home here after being under the care of a San Francisco doctor for some little time. He is much improved in health. His many friends are glad to see him up and around again.

Thomas Walsh of the El Verano baseball team, who went to San Anselmo last Sunday to play with the Sonoma team, did his share toward winning the game for the latter, having made three runs. There is some class to our players.

Sam Strauss was one of the many El Veranoites who went to Boyes Springs Sunday to witness the high diving. Sam pronounced the lady diver the best that he ever witnessed. Sam at one time was some high diver himself, but on account of taking on too much weight of late years has given it up.

Postmaster Cheney was in town Tuesday.

William H. Kearney was a visitor to the county seat Tuesday.

R. Bronner of the Oakland Bank is a guest at the Kearney home this week.

John Serres, mine host of the Hotel Chauvet, Glen Ellen, was in town Monday.

Miss Annie Melville is here from San Francisco passing her vacation at the home of Mrs. Cornelius McDevitt.

Supervisor Blair Hart has put in a new culvert on Riverside avenue which will be greatly appreciated by the traveling public.

Louis Peterson, our local lumber merchant, has caused many lumber racks to be erected in his yards to meet the demands of his rapidly increasing business.

Frank A. Riser returned to his home here Tuesday evening after spending several days in Guinto on business connected with the Pacific Improvement Company.

A. D. Graham, the newly appointed Postmaster at Boyes Springs, was in town this morning carrying the dignity of his office with ease and receiving the congratulations of his many friends in these parts.

A small war seemed very imminent on one of our streets one day last week. It was a mix-up between a Frenchman, a Dutchman, a Missourian and a stud horse. Some very strong language and threats were indulged in, but the row happily blew over without any casualties or even bloodshed.

The private car of James J. Hill, the "Yakima," passed through here Monday en route to Santa Rosa. Mr. Hill is the famous President of the Northern Pacific railroad company, and his visit to these parts would seem to indicate that something is doing in railroad circles between this section of California, Oregon and the State of Washington.

A number of our young boys made a raid on a near-by melon patch, last Tuesday night, but as they neared the watermelons they were put to flight by the discharge of a double-barrelled shotgun in the hands of the irate owner of the premises. Five shots were fired and the young melon-raiders have been busy the past few days picking pepper and salt out of their perforated hides and are taking their meals, too, standing up.

ARCHIBALD MCKIVER.

El Verano, Aug. 16, 1911.

FATALLY SCALDED AT ELDRIDGE.

Hot Water Boiler Explodes in Kitchen of Sonoma State Home and Young Man is Frightfully Injured

By the explosion of a hot water boiler in the kitchen of the Sonoma State Home at Eldridge last Tuesday morning a young man named Moss received injuries which he cannot possibly survive.

When the explosion took place Moss, who was filling the position of second cook in the big kitchen of the institution, was working only a few feet distant from the defective boiler and was instantly enveloped in clouds of hot steam and pitifully scalded from head to foot.

The injured man was instantly cared for by Dr. Dawson and his assistants, who did all in their power to alleviate his sufferings, which can the more easily be imagined than described. It was seen at a glance that his injuries were fatal and that it was only a question of time when he would succumb to them. The unfortunate young man's parents reside in Geyserville and immediately after the accident they were notified by phone of their son's misfortune.

The Green Flags Give Away to Lamp Markers.

The green flags, one at each side of the rear end of the last passenger coach on the train, have served their use on the Southern Pacific and other Harriman roads, and will no longer be seen on any passenger trains on these lines. The first of August saw the last of the green flags and all of the Southern Pacific passenger trains are now running with lamp markers in the place of the flags.

Green flags have been used for many years on the rear of trains to designate to trains in the opposite direction and to the engineer of the train displaying the flag markers, that the train was intact. This was necessary in the days when all the cars in the trains were not equipped with automatic air brakes. Sometimes, when the link and pin couplings were in use a pin would break and a car would be left behind. There was no way for the engineer to tell whether or not he had all of his cars with him unless he could look out of his cab and see the green flag waving from the last coach. All of the cars of the Southern Pacific Company are now equipped with the automatic air brakes, which, if a car would become detached, stops the train automatically.

The lamps that are being used as markers in place of the green flags suffice during the day as well as at night. During the passage of a train through a tunnel, snowsheds, or during foggy weather, they can be easily lighted, but for the major portion of the day time trips they remain unlighted. They can be distinguished by the engineer with ease and have already been found a great improvement over the old flag system. Some few roads in the east have discontinued the use of green flags as markers on some of their suburban lines, but the Southern Pacific Company is the first road to do so over its entire system.

MEETS WITH STILL ANOTHER MISHAP.

The Sewer Excavating Machine Drops into Broadway's Ancient Nine Hole and Thereby Hangs a Tale

J. F. O'Brien & Co., the contractors for installing Sonoma's sewer system, have been beset with all kinds of trouble since they started their excavating machine several weeks ago. On the very day the ponderous machine arrived in town it broke through a small bridge on First-street East near the Postoffice corner and it took hours of hard work with the aid of jackscrews to get it on terra firma. When the machine finally got down to work on the lower end of Broadway it encountered a deposit of cement and hard clay that taxed its utmost capacity in digging the eight-foot trench for the pipes, and breakdown after breakdown has taken place..

Then a subterreanean flow of water was encountered which further handicapped the contractors. Finally they succeeded in digging out of all these difficulties and the machine was making excellent progress Monday morning on Broadway, but when opposite the Congregational church building the earth suddenly gave way beneath one of the forward wheels of the machine and one side of it dropped into a bottomless pit. Again the jackscrews were brought into requisition and after hours of hard labor the machine was got on firmer ground and was enabled to resume work, and let us hope without further mishap.

The hole into which the wheel of the big machine dropped is an ancient enemy, long since forgotten, of drivers of heavy laden teams of two decades ago.

Eighteen or twenty years ago when the Manuel and Schocken basalt block teams were wont to wend their way from the quarries here to the schooner service at Embarcadero, this sink in Broadway caused much annoyance. Time and again the heavily-laden basalt block wagons would drop into it, and would be pulled out with difficulty. In those days L. Litzius was a city trustee, the von Bismarck of the Board and the chairman of its street committee. He was loud of voice and big in stature and when he first tackled that little old hole on Broadway it looked exceedingly small to him and he proceeded fill it up. But it wouldn't stay filled, and during a period of two years no less than nine big basalt block wagons came to a sudden halt by dropping into it. Although the redoubtable chairman of Sonoma's street committee almost bankrupted the city in tackling the apparently bottomless pit it still continued a terror to the basalt block teamsters of those days. It then became known as Litizius' nine hole.

It was repeatedly filled in but during the winter and spring months wagon wheels continued to drop into it and the sorely tried city dad was severely criticised in these columns and accused of incompetency in the matter of tackling holes in the ground. This made him exceedingly tired, but unafraid he continued to wrestle with that nine hole until in the course of a couple of years he had caused to be dumped into it a small mountain of earth and a bar'l of money. Then the basalt block teams ceased hauling on Broadway and the hole gave no further trouble, and had long since been forgotten.

The accident Monday, however, recalled to some of our old-timers Trustee Litzius' nine hole on Broadway of two decades ago. This is the identical hole, which appeared to be a bottomless pit in those days and with which the redoubtable Trustee wrestled with for several years before he succeeded in filling it up to stay. It is probably an abandoned well of the early days which had outlived its usefulness and been partially filled up. A leakage in the pipes of the Lewis water system, however, had found its way into the old sink in the ground and had caused it again to settle after all these years to plague Sonoma's sewer contractors.

COUNTY LIBRARY PROPOSITION.

It Will Be Submitted to the Voters of Sonoma County at the Special Election on October 10th

The matter of adopting the county free library plan in Sonoma county will be decided by the voters at the special election held on October 10th next. At this election the voters of the State will pass upon the various constitutional amendments. In this county for the purpose named there will be an additional ballot containing the library question and a separate ballot box will be provided at the polling places.

At the meeting of the Board of Supervisors on Saturday morning a resolution was offered by the Supervisor Lyman Green and seconded by Supervisor William King providing for the submitting of the library proposition at the October election and it prevailed.

In the matter of a petition for a new road in Russian River filed by residents and property owners of the section, County Surveyor Tom McNamara, F. F. Emery and Walter F. Wright were named as viewers to make a report at the next meeting of the board.

Fireworks at the State Fair

"For Fair" in boy talk means honest injun, genuine, honor-bright and all that. The fireworks at the State Fair this year will be the kind. The Willson Company of Los Angeles has made good at the Alaska-Yukon Exposition, the Lewis & Clark, and the Cotton Centennial at New Orleans. They will present among other features a startling illustration of aerial warfare, an attack on the seaport city with war vessels and merchant craft in the bay. Aeroplane scouts manoeuver over the towers and sky-scrapers of the city, and a huge dirigible airship approaches and drops a bomb into the fort. The guns of the besieged reply with rockets and bring down the airship with an explosion. A terrific onslaught then begins from the airships rocking the buildings and firing the city, bringing the piece to conclusion with a great conflagration. The railway collision of the old days, the William Tell Story, the Roosevelt dam in liquid fire, and a score of other brilliant effects in set prices, rockets, shells, bombs, candles, wheels etc., will make the nights brilliant with light and color and present a spectacle long to be remembered by the beholders.

Picture Show at Union Hall

The Sonoma Moving Picture Show will be open to the public in Union Hall every Tuesday, Saturday and Sunday evenings, with continuous performances from 8 to 10 and a complete change of pictures each night. Admission 10 cents.

We are paying one cent under the San Francisco quotations. This is the same price paid in Petaluma. Bring us your eggs.

PERSONAL AND SOCIAL NOTES AND HAPPENINGS IN TOWN.

Doings of the Various Sets in this City and Its Immediate Vicinity---The Goings and Comings and Other Items of General Interest.

Mr. and Mrs. F. J. Smith and son of Los Angeles are the guests of Mr. and Mrs. Robt. P. Hill.

Mrs Maurie Haraszthy and children came up from San Francisco last Saturday evening for a visit.

F. Nichelini accompanied a party of young lady friends to a picnic at Fairbax park, Marin county, last Sunday.

Mr. and Mrs. Smith, prominent in musical circles in San Francisco, are guests on the Jack London ranch near Glen Ellen.

Mrs. Fannie Leix, M. D., and little son Frederick, left for a week's visit in the hills near Santa Rosa last Monday morning.

Miss Ida Waterman, teacher in the Sonoma grammar school, has returned from her vacation in the northern part of the county.

Mr. and Mrs. D. J. Healey of Petaluma, accompanied by Mrs. Fredericks, enjoyed an auto trip through Sonoma valley last Sunday.

The stork dropped in on the pretty cottage home of Mr. and Mrs. Miller (nee Elsie Richards) at Agua Caliente Springs last Sunday and left a fine baby boy.

Mr. W. R. Daley, the advance agent of Bert Levey's circuit of independent theatres, one of the leading theatrical exchanges on the coast, was in town Monday and favored this office with a pleasant call.

Charles LaTorres went to San Anselmo Sunday to take in the ball game in that place played by Sonoma Giants and the Geo. B. Hund's nine. The Sonoma team won with a score of 7 to 2. Al. Jansen, Sonoma's pitcher, struck out 14 men in the game.

J. P. McDonell and Edward H. Brown were here from Sebastopol on Friday of last week boosting the Gravenstein apple show to be held in that town from August 21st to August 26th, inclusive. During their short stay they found time to drop into our sanctum and say "how do," and then dropped out again. Whew! but these Sebastopol chaps are rushers and no mistake, and that is why its Gravenstein apple show will be one big success this year as it was last year.

About forty motorcyclists of the San Francisco Motor Club passed through here Sunday.

A. Beretta, secretary of the Sonoma Brewing Co., transacted business in Petaluma last Tuesday.

Ethel Kinne and Miss Gladys Small, after spending a week at Pacific Grove, returned home last Tuesday.

Miss Emily Poppe left for Berkeley Thursday, where she will enter the State University for a four-years' course of study.

The stork visited the Leix sanitarium at noon last Saturday and left a bouncing lusty baby boy for Mr. and Mrs. Tyson.

A marriage license was issued to Edward Morris and Miss Carrie Rodric, in Santa Rosa, Monday. The groom is well-known in Sonoma, having formerly lived here.

The foundation for Mr. and Mrs. H. C. Lutgen's new home on Second-street East adjoining Mrs. H. S. Shaw's residence has been laid. It will be a story-and-a-half six-room bungalow affair and will add much to the attractiveness of that residence section of town. The contractor for the building is A. Adler.

Mr. Osear Shea, the talented young cartoonist of Eureka, Humboldt county, is here visiting his folks at Schellville. Mr. Shea has been employed for a number of years on one of the leading dailies in Eureka, and leaves its employ with high recommendations He is now in line of securing a position on one of San Francisco's big dailies, and after a short stay in Shellville he will leave for the metropolis to enter upon a larger field of activity.

Mr. and Mrs. Frank Hull and Mr. and Mrs. Wierda of Richmond were here several days this week. During their short sojourn here they took in many points of interest in the valley in their touring car. Mr. Hull is the editor of the Record-Herald, the leading daily of Richmond and a veteran newspaper man. Mr. Wierda is a member of the Bungart-Wierda Company, real estate and insurance brokers of the same city, which now has a population of 10,000 people. During their sojourn in town they made their headquarters at mine host Ciucci's Toscano Hotel.

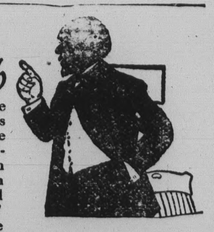
No Man is Stronger Than His Stomach



A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *secret* nostrum as a substitute for this non-alcoholic medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Notice to Property Owners.

Notice is hereby given that all property owners on the line of the sewer, now building, will be required to purchase 4-inch sewer pipe to connect with the main sewer in the center of the street to the sidewalk curbing in front of their premises. The contractors for the construction work may excavate for the property owner and lay his pipe if he so desires.

The Board would suggest that this be done as it will save the property-owner money to have the connection made now, although it is not compulsory at this time.

VINEBURG NEWS ITEMS

"Easy Jim" Tells in an Interesting Way all About the Week's Happenings in and About His Section of the Valley.

Edward Mitchell, residing on the Hyde tract, was a visitor to the bay city Saturday and Sunday.

Albert Groskoff is erecting two buildings—a barn and wagon shed—on his place "Whispering Pines," on the Napa road.

Steve Griffith, who left here some months ago, has returned to his old home after visiting the various counties of Southern California.

Walter Bundschu of Rhinefarm combined business with pleasure in the bay cities for a few days last week, returning home Monday.

Miss Adele Andrieux arrived home on Monday's train after a vacation in the metropolis and was welcomed at the train by her many friends here.

Miss Mary Batto, after an extended visit with her parents and friends here, left for San Francisco and Oakland Tuesday morning for a visit in those cities.

Mr. W. R. Hansen, our local merchant, installed a large ice chest in his store one day last week. H. A. Pape had the contract for building the chest, which is an up-to-date affair.

Viola Vineburg is thinking about taking a trip to the Sandwich Islands in the near future. Very good idea, Viola, "banana specials" are cheap down that way and there's where sliced pine apples grow.

A pleasant auto ride was enjoyed last Sunday to Santa Rosa and through Sonoma Valley by Messrs. Philip Bill Jr., Mr. Knolle, Miss Minne Simons and Miss Stella Bill. Arthur Batto was the man at the wheel.

Tuesday evening of last week the following gentlemen took a trip to Petaluma to attend a meeting of the I. O. O. F. lodge in that city. Messrs. William and Harry Dunn, Jos. Groskoff, Arthur Batto and John Garber. All enjoyed themselves.

Vineburg has a "new white hope." It was discovered this way: One day last week one of our local heavy weights essayed to caress our Mayor's whiskers. His honor resented the familiarity by assuming a pugilistic attitude. If champion Jack Johnson could have seen that pose he would have thrown up the sponge instanter.

A very pleasant evening was spent at the "The Knoll," the home of Mr. and Mrs. Harry Hunter, Saturday evening last. Miss Ethel Hampton of San Francisco entertained the company with some choice selections. The young lady is an accomplished musician and vocalist and was highly complimented by those present. Light refreshments were served. The following were present: Mrs. W. Erskine, Mrs. Adam Gigerick, Miss Olive Hampton, Miss Ethel Hampton, Messrs. M. Eriskine, J. Schoolcraft and M. Little.

Mrs. Adam Gigerich entertained a number of friends at an out-of-doors picnic at her pretty orchard home on the Hyde tract last Sunday. Those who enjoyed her hospitality were Mr. and Mrs. T. Muse, Mr. and Mrs. Leo Hampton, Miss Olive Hampton, Miss Ethel Hampton and Messrs. Merrill Muse, Gerald Hampton, Adam Gigerich and T. Callahan. After spending a pleasant day the guests visited "The Knoll" and took in a magnificent view of the beautiful Sonoma valley before departing on the afternoon train for the metropolis.

Ethel Eastlake has returned and the young lady does not lose much time to let us know about it, as the enclosed note will show:

Vineburg, August 16th.

Dear Easy: Just got back home. Had a nice time. Was all through Sonoma and Lake counties. Fine springs, plenty of fun, beautiful scenery, but I didn't meet many "Native Sons," you know the same kind you meet in that "dear old bear flag town of Sonoma." Just let me write a few stanzas about some of the "Natives."

In Sonoma a barber, a Moose,
Whom a razor can certainly use;
And he keeps his head bobbing,
While their whiskers he's Robin,
And then he says, "Oh! what's the use."

We know a young man they call Jep,
Who is a dream in gliding the two-step;
And it don't take him long to sing a fine song,
And he's the gent that can do it, you bet.

Our young merchant, Louis H. Green,
Is strictly business, that's plain to be seen;
Of course he's gained fame
Selling hay, feed and grain,
And he is always so mild and serene.

Yours sincerely,
Ethel Eastlake.

A Sonoma Boy Weds Petaluma Girl.

Edward Morris, son of Jas. B. Morris of Agua Caliente, was married last Tuesday. The wedding took place at the home of the bride's parents near Petaluma.

The ceremony was performed by Rev. Father O'Shea of St. Vincent's church. Mr. and Mrs. Joseph Jasper attended the couple. The wedding was a quiet affair witnessed only by relatives and intimate friends of the bride and groom. The groom is well known in this valley, where he was born and raised. He had been in the employ of the Petaluma Incubator Company until last year when he left to embark in the chicken hatching business which he had conducted successfully since that time.

The bride has lived in Petaluma for about ten years and has many friends who will wish her happiness.

After a short honeymoon trip they will return to Petaluma where the groom will continue in the chicken business.

Votes For Women.

The Hon. Albert Elliott, who addressed the Sonoma Mens' league on the subject of of City Government a year or more ago, will speak to men and women in Union Hall at 8 o'clock Friday evening, Aug. 25th on the subject of Votes for Women. Mr. Elliott is an able lawyer, and one of California's leading orators, and at present is generously donating a great part of his time and energy to furthering a cause which he deems of vital importance to his State.

The meeting will be presided over by Mrs. F. T. Duhring and the Vice Presidents for the evening will be: Mrs A. McHarvey, Mrs. P. N. Stofen, Mrs. B. F. Campbell, Miss M. Wooster, Mrs. J. P. Stearns, Mrs. F. Clewe, Miss M. Cooke, Mrs. C. T. Ryland, Mrs. G. H. Hotz, Mrs. Robert Poppe and Mrs. Lulu Emparan.

Garden Tea and Card Party.

This afternoon the beautiful home of Mrs. C. T. Ryland will be thrown open under the auspices of the Club Woman's Franchise League. A delightful afternoon is promised. Those who enjoy cards will find tables ready, while others may enjoy chatting with friends or resting under the trees. Tea and cakes will be served and a collection taken for the use of the Leauge. Come and bring your friends.

SON OF REV. BOYD RUN OVER BY AUTO

Accident Occurred in San Francisco Last Sunday—Lad Had Both Collar Bones Broken and Was Otherwise Injured

Hal, the fifteen-year-old son of Rev. Thomas Parker Boyd, pastor of Trinity Episcopal Church of this city, was run down by an auto in San Francisco last Sunday and came near being killed. After being struck by the machine the lad was picked up in an unconscious condition and hurried to the Roosevelt Hospital, and was not revived until Wednesday.

An examination by the hospital surgeons revealed the fact that both collar bones were fractured and that the boy was generally bruised about the body. He is coming out all right and will recover.

Nothwithstanding the misfortune Rev. Boyd will occupy the the pulpit of his church here as usual tomorrow.

Sign Boards and Mile Posts For Sonoma County

The Board of Supervisors at their meeting on Wednesday gave permission to B. F. Goodrich Co. to erect signs throughout Sonoma county. The permission was granted on the recommendation and at the request of the California State Automobile Association, and will be placed on all the highways, and will direct persons to the roads they are seeking and give the distance from one place to another.

They will be erected without cost to the county and in places where they will be no impediment to traffic. The plan is an advertising scheme.

Must Face a Serious Charge.

Percy W. Williams, an ex-Southern Pacific employee in the Flood building, San Francisco, is in trouble. It came about this way. He is a married man and became enamored of Miss Annette Vivian Hunn, a stenographer in the employ of the same company. While his wife, who lives in Oakland was visiting friends here last week, he made a sneak on the madam and married the pretty stenographer, who thought her spouse a single man. Twenty-four hours after she became a bride the illusion was dispelled, with the result that she swore out a complaint in San Rafael last Saturday charging the fickle Percy with bigamy.

Married in San Francisco

Miss Josephine Malani of Petaluma and Mr. J. Debigi of this place were quietly married in San Francisco on Saturday last. After their honeymoon trip the young couple will return to Sonoma, where they will reside.

SECRETARY WILSON HONORARY PRESIDENT

U. S. Department of Agriculture In Barley and Hop. Exhibition.

The secretary of state, the Hon. Philander Knox, has sent out to the diplomatic and consular representatives of the United States in foreign countries a circular letter informing them that an international brewers' congress will be held in Chicago, Oct. 12 to 22, 1911, and instructing them to bring the matter to the attention of the respective governments to which they are accredited, with the request that due publicity be given to the information and that the respective parties in interest be invited to participate in the congress.

The circular further contains the information that there will also be held at the same time and place an international prize exhibition for barley and hops.

The secretary of agriculture in the United States, the Hon. James Wilson, is the honorary president of the international brewers' congress.

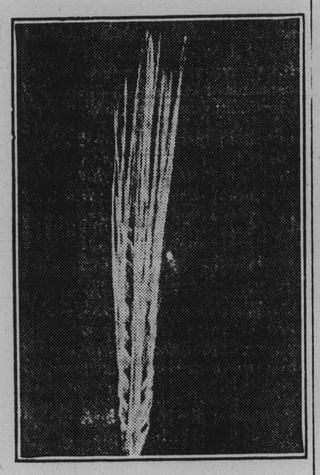
The United States department of agriculture is preparing an exhibit by which the United States government will be represented at the international prize exhibition for barley and hops. The department will show what has been done by several of its experts who have been for some years devoting their time to the improvement of these crops.

The importance of this exhibition for the farmers who raise barley and hops cannot be overrated. It is believed that the first step is herewith taken to bring about a system of valuing these important crops upon a basis of fact rather than upon mere individual preference and perhaps prejudice.

CLASSIFICATION OF AMERICAN BARLEYS.

Commonly Known as Two Rowed, Four Rowed and Six Rowed.

Barleys are commonly classified as two rowed, four rowed and six rowed. The European brewers generally prefer the two rowed varieties, which are plumper and starchier, while in this country the six rowed, of which the four rowed is but a slightly varied relative, is generally preferred because, while less starchy, it is more highly albuminous and therefore possesses more of the substance which brings about the inversion of starch into sugar—namely, diastase.



HEAD OF BAY BREWING BARLEY.

The common American brewing barleys arrange themselves in the following system:

1. Six rowed, erect—White Club.
2. Four rowed, drooping—Manchuria barley, Oderbrucker, Scotch, Ohio Fall, Bay Brewing, Blue barley.
3. Two rowed, erect—Goldthorpe, Primus, Fan barley.
4. Two rowed, drooping—Common Chevalier, Horsford's Chevalier, Hanna, Princess.

Six Rowed Barley.—Through several years' experimentation at the Wisconsin agricultural experiment station it has been found that the six rowed barley is preferable to other varieties and more profitable for the average farmer to grow. The yield far surpasses that of the other varieties, and the market demands for the six rowed class far surpass those of all other varieties combined. At a conservative estimate 98 per cent of all the barley now grown in Wisconsin is six rowed barley. This being the type of barley most commonly used for malting in the United States, it is likely that most of the samples that will be shown at the barley and hop exhibition in Chicago in October, 1911, will be of that type.

The experiments with two rowed barley through eight years' continuous breeding work clearly prove that in most regions the farmer cannot get the returns from this crop that can be secured with the six rowed variety. The straw seems to be very frail and lodges easily, thereby injuring the quality of the grain and reducing the yield.

HOPS VALUED BY LOOKS AND AROMA.

Best Are Raised In Bohemia, Bavaria and Parts of England.

According to the prevailing opinions, which, according to some American growers, are mere prejudices, the best hops are raised in Bohemia, Bavaria and some parts of England, notably Kent. Most American brewers as well as their European brothers value hops largely by their appearance and their aroma. This matter is being

HEAD OF GOLDTHORPE BARLEY.

thrashed out thoroughly in connection with the barley and hop exhibition which will be held in Chicago Oct. 12-22. As in the case of other aromatic plants, the sources of the aroma are not well understood. Aroma usually depends upon such minute particles of substance that even the delicate reactions in the chemical laboratory are frequently inadequate to discover them. The high prices which are paid, for instance, for certain wines are based upon their flavor or aroma, and yet this flavor or aroma cannot be discovered by chemical analysis. It is not surprising, therefore, that the substances which contain the flavor or aroma of hops have never been ascertained with certainty. There is a theory that they are closely associated with the soft resins contained in the lupulin, or the hop flour, which is found between the bracts of the cone and which is really the essential part of the hop plant.

As for the color of the hops, various preferences prevail, some preferring the varieties which are entirely green, while others think the yellowish green is preferable. In this country the yellowish kinds are usually preferred, while in Germany the green ones have the call.

Inasmuch as the brewing value of hops depends largely upon the lupulinic acid and the soft resins and the American hops are unusually rich in soft resins, American hop growers need have no fear of entering the prize competition at Chicago under the rules which have been adopted for the jury which is to judge the hops.

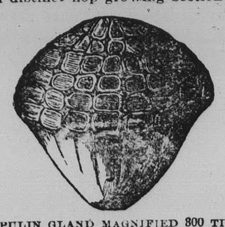
AWARDS OF PRIZES FOR HOP EXHIBITS.

Conditions That Will Govern In This Class.

Awards of prizes will be made according to the following rules for hops entered in the second international barley and hop prize exhibition to be held at Chicago, Oct. 12-22, 1911:

The awards will consist of twenty-one prizes, the highest amounting to $150.

For the purpose of prize distribution each distinct hop growing section (foreign or domestic) will constitute a class by itself. The following American sections are recognized as distinct for this purpose: (1) New York state. (2) California. (3) Oregon. (4) Washington. (5) British Columbia.



LUPULIN GLAND MAGNIFIED 800 TIMES.

Hops grown outside of these sections will be considered as belonging to that section which conforms most closely to their districts geographically and climatically, in the discretion of the committee on awards.

All samples of hops must be certified to have been grown by the exhibitor.

The amount of hops offered for exhibit must be at least ten pounds, with six clusters of about twelve cones each.
